# April 2019 BUDGET Update

- In the March 30, 2019 state aid estimates, Rye Neck's estimated Foundation Aid increased by approximately \$200K (compared to the initial estimates in January 2019).
- The \$200K increase in estimated state aid revenues resulted in **reinstated program expenses (\$125K)** and **a reduction in the appropriated fund balance (\$75K).**
- The \$125K increase in program expenses was allocated to Special Services placements for the 19-20 school year.
- These changes do not affect the 19-20 budget's tax cap compliance.

# Overview

2019-20 Official Budget

Dear Rye Neck Parents and Community Residents,

Wednesday, May 21, is the NYS date of the annual school district budget vote for the 2019-20 school year. The Board of Education and our administrative leadership team are pleased to note that the proposed budget represents the 8th consecutive year in which a proposed budget has fallen below the New York State tax levy cap, and in fact, our district has never attempted to exceed the tax levy cap limit. While this may not always be possible, achievement of this goal reflects our overriding concern for balancing the needs of our school district with that of Rye Neck's taxpayers.

The school budget is a reflection of the community's priorities for its students. The proposal for 2019-20 continues our commitment to comprehensive, student-focused instructional programs. It maximizes efficiencies in scheduling and personnel, and preserves K-12 art, music, and enrichment programs, as well as athletic and extracurricular activities. The Rye Neck UFSD that you know – one that is keenly focused on favorable class size, the breadth and depth of course offerings, and innovative use of instructional space and technology – is fully supported in this budget.

As always, staff and student safety remains our highest priority. Resources are devoted in this budget to a maintain a full-time Director of Security and full-time safety monitors at each school, along with infrastructure improvements and ongoing training that will further secure our physical plant. The issue of safety is always in the forefront of our thinking, and we continue to maintain an excellent partnership with law enforcement, which helps us understand, plan and react to all manner of security concerns.

I am proud of the work of our leadership team to craft a budget that I believe meets the expectations of our community. In the end, we are always asking ourselves if we are doing all we can to prepare our graduating students for the next stop on their life's journey. Our Class of 2019 will be the 124th graduating class since our school district was established. These students will attend some of the most competitive schools in the nation because they, their families, and their teachers have worked hard to meet laudable personal goals in academic achievement, the arts, athletics, science, and other areas of development. Rye Neck's success as a school district is built upon this collaborative foundation in the interest of each student: a powerful sentiment and a productive reality.

#### Please mark your calendars and please remember to vote on Tuesday, May 21 from 7 a.m. to 9 p.m. at the Rye Neck Middle/High School Library.

Sincerely, Dr. Barbara Ferraro, Superintendent of Schools

#### **Budgetary Definitions**

<u>Administrative Budget Component</u>: One of three categories that school districts must show in the proposed budget (other categories are the Capital Budget Component and the Program Budget Component). These expenditures include:

- Office and administrative costs
- Salaries and benefits for certified school administrators who spend 50 percent or more of their time performing supervisory duties
- Data processing
- Supplies
- Legal fees
- Property insurance
- School board expenses

#### Adopted Budget:

The budget proposal adopted by the Board of Education and presented to the voters at the Annual Meeting and Budget Vote.

#### Appropriated Fund Balance

The portion of a district's fund balance from the previous fiscal year that is applied as revenue to the District's following year's budget. This reduces the amount of revenue that must be raised by property taxes.

#### Approved Budget:

A budget approved by voters at the Annual Budget Vote. If voters do not approve the Board's adopted budget, the District may try one more time to win approval of the same budget or a revised budget. After two defeated proposals, the Board must adopt a contingency budget.

#### Assessed Value:

The value of a residential or commercial property as determined by the local property assessor. This value can change based on the municipality's equalization rate, the market, or in the event of a municipal revaluation. The assessment is used to determine the amount of taxes paid and the eligible amount of STAR exemption.

#### Assessment Roll:

A list of properties and their assessed value in each municipality. This is a public document and can be accessed at the local assessor's office or on online.

#### <u>Budget</u>

A plan of financial operation expressing the estimates of proposed expenditures for a fiscal year and the proposed means of financing them.

#### Budget-to-Budget Increase:

The amount the budget increases/decreases from one year to the next. This is commonly expressed as a percentage increase or decrease. The budget to budget change or spending plan change is separate from the projected tax rate change.

#### Budget Calendar:

The schedule of key dates that the school district, Board of Education and administrators follow in preparation, adoption, and administration of the budget.

#### Capital Budget Component:

One of three categories that school districts must show in their proposed budgets (other categories are the Administrative Budget Component and the Program Budget Component). These expenditures include:

- Custodial and all facility costs including service contracts, supplies, utilities, maintenance, repairs, construction, renovation
- Debt service and lease expenditures
- Legal judgments and settled claims

#### Consumer Price Index (CPI):

As defined by the Bureau of Labor Statistics, the Consumer Price Index (CPI) is a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods and services. It is also called cost-of-living index. The CPI is designed to measure the experience of relevant households and does not factor into account many of the items that cause school district budgets to rise, such as the cost of retirement contributions, group health insurance costs and district property and liability insurance.

#### Contingent Budget:

Under NYS law, school boards can submit a budget to voters a maximum of two (2) times. If the proposed budget is defeated twice, the board must adopt a contingency budget, which would put a cap on new spending. The contingent budget is limited to a 0% tax levy increase.

#### **Employee Benefits**

Amounts paid by the District on behalf of employees. These amounts are not included in the gross salary. While not paid directly to employees, these benefits are part of the cost of employees. Employee benefits include the District cost for health insurance premiums, life and disability insurance, Medicare, retirement and social security.

#### Employee Benefits Reserve:

This reserve known as (EBALR) is for expenditures related to contractual obligations for retirees, such as the payment of unused sick and personal days that is due upon separation from employment. Rye Neck does not make these payments to employees, and therefore does not maintain this particular reserve.

#### Encumbrance Reserve

This account allows the District to pay for budget items that carry from one fiscal year into the next. It is a reservation of funds set aside for goods or work that have been contracted for but have not yet been received. This payment is held over until the next budget season—literally, a "promise to pay for work that is in progress." Expenses for these items can be paid from the Encumbrance Reserve without affecting the next year's school budget.

#### Equalization Rate

Represents the State's judgment of how closely assess values in a town match the "true market value" of the properties. It is a ratio of a municipality's total assessed value to its market value. In the case of school taxes, the equalization rate helps determine how the school tax levy is shared among a district's municipalities. A municipality that has an equalization rate of 100 percent means that municipality is assessing property at full market value. Rye Town has an equalization rate of 100% and Rye City's equalization rate is 1.64%.

#### **Equipment**

Consumable materials used in the operation of the school district that are \$5,000 or more.

#### Expenditure:

Expense. Payment for the purpose of acquiring goods or services.

#### Fiscal Year:

A fiscal year is the accounting period on which a budget is based. The fiscal year for all NYS school districts is July 1 through June 30.

#### Full Time Equivalent (FTE):

A unit of measure which is equal to one filled, full time, annual-salaried position.

#### Fund Balance:

A fund balance is created when the school district has money left over at the end of its fiscal year resulting from less than anticipated expenditures or greater than projected revenues. Part of the fund balance (called appropriated fund balance)

may be applied as revenue to the District's following year budget. A portion, up to 4% of the succeeding year's budget may also be set aside (unappropriated fund balance) to pay for emergencies or other unforeseen expenses.

#### Gap Elimination Assessment (GEA):

The Gap Elimination Adjustment (GEA) law was first introduced in 2009-10 and as a way to help close New York's then \$10 billion budget deficit at the expense of local school districts. Under legislation, a portion of the funding shortfall at the state level is divided among all school districts throughout the state and reflected as a reduction in school district state aid. In 2014-15, Rye Neck will lose \$219,665 as a result of GEA. Since its inception 4 years ago, the total GEA reduction in school aid for Rye Neck totals \$1.1 million.

#### General Fund

This is the major operating fund of the District. It receives all income not earmarked for a particular program or activity and not specified by law to be deposited in another fund. The budget voted on by the voters is the spending plan for the district for the year.

#### **Mandates**

Mandated items are required primarily by NYS law or court-ordered decisions. Mandated items have increased tremendously over the past 25 years and account directly or indirectly for about three-quarters of the budget. Currently there are over 150 unfunded or underfunded mandates, equivalent to between 17-20% of a district's budget.

#### Maximum Allowable Levy

Determined by formula, the Tax Levy Limit (commonly known at Tax Cap or 2% Tax Cap) plus allowable exemptions results in the maximum allowable tax levy, which is the highest tax levy a district can propose and still require a simple majority to pass.

#### Program Budget Component:

One of three categories that school districts must show in their proposed budgets (other categories are the Administrative Budget Component and the Capital Budget Component).

#### Program expenditures include:

- Salaries and benefits of teachers and supervisors who spend the majority of their time teaching
- Instructional costs such as supplies, equipment, and textbooks

#### Proposed Budget:

The budget is a spending plan developed by the superintendent of schools with the input of school administrators prior to Board of Education adoption.

#### Reassessment:

A reassessment or re-valuation is a systematic analysis undertaken by municipalities, of all locally assessed properties (both commercial and residential) to achieve a stated uniform percentage of value. The goal of a reassessment is to assure that each assessment reflects current market prices and that each property owner pays only their fair share of the tax burden. Rye Town was reassessed in 2006.

#### Reserve Fund Balance:

The portion of fund balance set aside for specific purposes. Each reserve fund has certain establishment and use requirements.

#### Retirement Reserve:

A reserve set up to specifically offset the increasing employer contributions to the N.Y.S. Employee Retirement System (ERS).

#### Revenue:

Sources of income to finance the operation of the school district.

#### Salaries:

The total amount paid to an individual, before deductions, for services rendered while on the District's payroll.

#### STAR:

The New York State School Tax Relief (STAR) Program provides exemption for school taxes for owner-occupied, primary residents. Basic STAR is available to homeowners earning less than \$500,000. Enhanced STAR is available to seniors ages 65 and older who meet a certain income requirement.

#### State Aid:

State aid for public schools comes primarily from the State General Fund (approximately 74%) wherein the major revenue source is state taxes (e.g. income and sales). Of the balance, approximately 14% comes from STAR and 12% comes from a Special Revenue Fund account supported by lottery receipts. *(source: NYS Ed. Dept 2013-14 State Aid Handbook)* Until the State passes its budget, the District does not know exactly how much to expect in State Aid, however school districts are still required to present their budgets to voters on the third Tuesday in May.

#### Supplies:

Consumable materials used in the operation of the school district including, textbooks, paper, pencils, office supplies, custodial supplies, materials used in maintenance activities and computer software.

#### Support Services:

The personnel, activities, and programs that enhance instruction and provide for the general operation of the school district. This includes attendance, guidance, and health programs; library personnel and services; special education services provided by speech and language pathologists, physical therapists and occupation therapists; professional development programs, buildings and grounds operations, and security.

#### Tax Base:

The total Assessed Value of local real estate that a school district may tax for yearly operational monies.

<u>Tax Cap</u>

See Tax Levy Limit.

#### Tax Certiorari:

The legal process by which a property owner can challenge the real estate tax assessment on a residential or commercial property in attempt to reduce the property's assessment and real estate taxes.

#### Tax Certiorari Reserve:

This reserve is to provide for expenditures that arise when property owners file lawsuits, successfully challenge the assessments of their property and are granted a reduction. In many cases the settlements cover several years and, as such, can lead to large judgments against the District.

#### Tax Levy:

The total sum to be raised by the school district in the form of property taxes after subtracting all other revenues such as State Aid. The tax levy determines the tax rate for property owners in each of the two towns (Rye Town and Rye City) that make up the Rye Neck School District. Each municipality within the District is assigned a share of the total levy. Equalization rates, set each year by New York State, are applied to take into account different assessment practices.

#### Tax Levy Limit:

Also known as the Tax Cap. The threshold dictated by an 8-step NYS formula that determines the highest tax levy BEFORE exemptions that a school district can propose and still need a simple majority (50% plus 1 voter approval) to pass (Also see Maximum Allowable Levy). This may be greater or less than 2%. Under the tax cap law, a super majority (approval by at least 60% of those who voted in the election) would be required if the tax levy exceeds the Maximum Allowable Limit.

#### Tax Rate:

The actual amount per thousand that is multiplied by an individual's property assessment to determine the amount each taxpayer will pay.

#### Three-part Budget:

School districts must, by NYS law, divide their budgets into three components: Administrative, Capital and Program. Districts must also show how much each portion has increased in relation to the whole budget (Also see Administrative Budget Component, Capital Budget Component and Program Budget Component).

#### Unreserved Fund Balance:

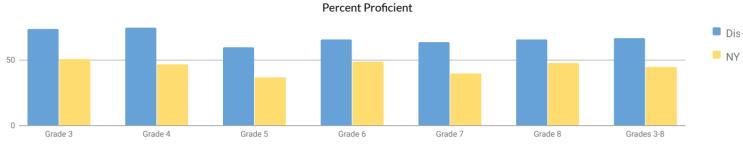

Unreserved fund balance consists of appropriated (designated) fund balance and unappropriated (undesignated) fund balance. Appropriated fund balance is the portion of unreserved fund balance that has been used to reduce taxes in the subsequent fiscal year. Unappropriated fund balance is limited by Real Property Tax Law Section 1318 to an amount not to exceed four percent of the succeeding year's budget. This money may be used to pay for emergency repairs and other unforeseen occurrences.

#### RYE NECK UFSD - NEW YORK STATE REPORT CARD [2017 - 18]

The New York State Report Card is an important part of the Board of Regents' effort to raise learning standards for all students. It provides information to the public on school/district staff, students, and measures of school and district performance as required by the Every Student Succeeds Act (ESSA). Knowledge gained from the report card on a school's or district's strengths and weaknesses can be used to improve instruction and services to students.

2017-18 Grades 3-8 ELA and Math results cannot be compared to those from previous years, as these tests were redesigned in 2017-18.

# The New York State School Report Card Fiscal Accountability Supplement for

# RYE NECK UFSD

New York State Education Law and the Commissioner's Regulations have required the attachment of the NYS School Report Card to the public school district budget proposal. The regulations required that certain expenditure ratios for general education and special education students be reported and compared with ratios for similar districts and all public schools. The required ratios for this district are reported below.

2016-2017 Sc	chool Year	General Education	Special Education						
This	Instructional Expenditures	\$23,344,508	\$7,296,818

NY State									
Similar District Group Description: Low Need/Resource Capacity									

Instructional Expenditures for General Education are K-12 expenditures for classroom instruction (excluding Special Education) plus a proration of building level administrative and instructional support expenditures. These expenditures include amounts for instruction of students with disabilities in a general-education setting. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for General Education is K-12 average daily membership plus K-12 pupils for whom the district pays tuition to another school district. This number represents all pupils, including those classified as having disabilities and those not classified, excluding only students with disabilities placed out of district. Pupils resident in the district but attending a charter school are included. For districts in which a county jail is located, this number includes incarcerated youth to whom the district must provide an education program.

Instructional Expenditures for Special Education are K-12 expenditures for students with disabilities (including summer special education expenditures) plus a proration of building-level administrative and instructional support expenditures. District expenditures, such as transportation, debt service and district-wide administration are not included.

The pupil count for Special Education is a count of K-12 students with disabilities for the 2016-17 school year plus students for whom the district receives tuition from another district plus students for whom the district pays tuition to another district. Students attending the State schools at Rome and Batavia, private placements and out-of-state placements are included.

Instructional Expenditures Per Pupil is the simple arithmetic ratio of Instructional Expenditures to Pupils. The total cost of instruction for students with disabilities may include both general- and special-education expenditures. Special-education services provided in the generaleducation classroom may benefit students not classified as having disabilities.

2016-2017 School Year	This School	Similar District	Total of All School
	District	Group	Districts in NY State
Total Expenditures Per Pupil	\$24,384	\$27,482	\$24,712

Total Expenditures Per Pupil is the simple arithmetic ratio of Total Expenditures to Pupils. Total Expenditures include district expenditures for classroom instruction, as well as expenditures for transportation, debt service, community service and district-wide administration that are not included in the Instructional Expenditure values for General Education and Special Education. As such, the sum of General Education and Special Education Instructional Expenditures does not equal the Total Expenditures.

The numbers used to compute the statistics on this page were collected on the State Aid Form A, the State Aid Form F, the School District Annual Financial Report (ST-3), and from the Student Information Repository System (SIRS).

# The New York State School Report Card Information about Students with Disabilities for RYE NECK UFSD

New York State Education Law and the Commissioner's Regulations has required the attachment of the NYS School Report Card to the public school district budget proposal. The regulations required reporting students with disabilities by the percent of time they are in general education classrooms and the classification rate of students with disabilities. These data are to be compared with percentages for similar districts and all public schools. The required percentages for this district are reported below.

Student Counts as of October 4, 2017	This School District		Similar District Group	Total of All School Districts in NY State
Student Placement Percent of Time Inside Regular Classroom	Count of Students with Disabilities	Percentage of Students with Disabilities	Percentage of Students with Disabilities	Percentage of Students with Disabilities
80% or more	101	60.84%	62.00%	58.68%
40% to 79%	54	32.53%	18.04%	11.47%
Less than 40%	6	3.61%	11.19%	19.09%
Separate Settings	5	3.01%	5.11%	5.34%
Other Settings	0	0.00%	3.66%	5.42%

The source data for the statistics in this table were reported through the Student Information Repository System (SIRS) and verified in Verification Report 5. The counts are numbers of students reported in the least restrictive environment categories for school-age programs (ages 6-21) on October 4, 2017. The percentages represent the amount of time students with disabilities are in general-education classrooms, regardless of the amount and cost of special education services they receive. Rounding of percentage values may cause them to sum to a number slightly different from 100%.

# School-age Students with Disabilities Classification Rate

2017-18 School Year	This School	Similar District	Total of All School
	District	Group	Districts in NY State
Special Ed Classification Rate	10.57%	12.53%	15.26%

This rate is a ratio of the count of school-age students with disabilities (ages 4-21) to the total enrollment of all school-age students in the school district, including students who are parentally placed in nonpublic schools located in the school district. The numerator includes all school-age students for whom a district has Committee on Special Education (CSE) responsibility to ensure the provision of special education services. The denominator includes all school-age students who reside in the district. In the case of parentally placed students in nonpublic schools, it includes the number of students who attend the nonpublic schools located in the school district. Source data are drawn from the SIRS and from the Basic Education Data System (BEDS).
